

Bucom International is looking for additional talented Sales staff! Please consider joining our team.

“Account Executive” opportunity

Simply put, Bucom’s AE’s thrive by selling and nurturing strategic accounts into the Bucom family.

It’s about client ownership and strategy. And directing the relationship. Evolving it into friendship over time.

Our AE’s generally invest full-time hours, work wherever it makes sense, and spend most of their initial up-front time cultivating new accounts. After that? We make it happen together.

Darlene Krammer invites you to, “Join the team!”

Do you have industry contacts? And a passion to serve your clients? Would you enjoy the flexibility of working from home (or from our headquarters office in Chicago’s River North neighborhood)? Full or part time? Salaried and/or Commission based?

We have several great options to choose from. Let us help guide your future career and financial success as part of the Bucom family!

“Business Development Manager” opportunity

Prospect, Qualify, Communicate the Value Prop, and Close. Then move on.

Well . . . we know it’s not always as simple as that, but if this style fits your personality, let’s talk! It’s really the greatest opportunity to simply sell - all day. And have fun. Our amazing ops team takes care of all the little details.

“Sales Specialist” opportunity

Have you earned complete autonomy? Do you like the sound of working wherever you want, whenever you want? And carrying the flag of a trusted, well known brand in your industry? Then we want you!

Our Sales Specialists have great connections, work in a limited fashion (so they can enjoy life and lots of other really great non-work related moments), yet fully participate in the future success of Bucom International. We equip you to have as much success as you'd like.
